

## LIONBRIDGE LANGUAGE SERVICES

### Getting Your Message Right When You Go Global

#### Building bridges of understanding

Your company is global—and that means your audience knows no borders. To reach customers and stakeholders across industries and around the globe, you need a platform that can connect you seamlessly.

Lionbridge Language Services helps you bring your message and products to global markets quickly and correctly. Our team of passionate linguists and innovative technologists helps you resonate with anyone, in any language, anywhere—so you can go global quickly and easily, while maintaining local intimacy. From machine translation of simple text to specialized localization of intricate campaigns, we make it easy for you to go global and speak local.

LIONBRIDGE

## Achieve Scale, Speed, and Quality

You need to reach your customers—all your customers—in their native languages. With 100,000+ language experts across 15 industries aided by best-in-class AI, we speed and style your market entry with ease. We retain the integrity and spirit of your original message and infuse it with local flair, making your company feel at home in every market.

Every Lionbridge Language Service project benefits from our:

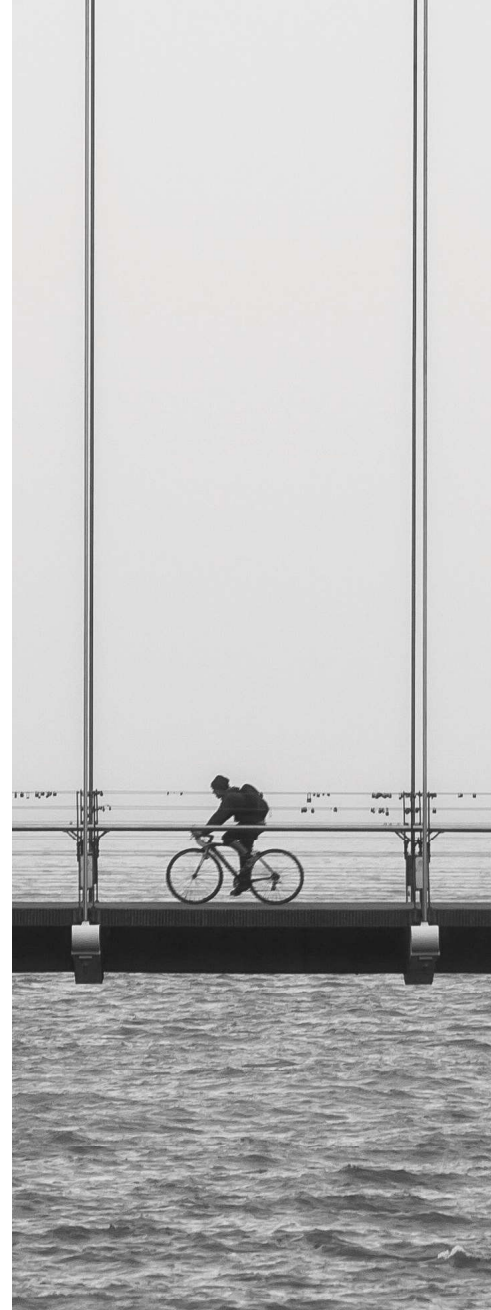

- **Global Scale:** With 40 billion words translated, 100+ tasks completed every minute, and more than 5000 jobs per day, we have the scale to meet any translation challenge
- **Turnaround Speed:** Is 24/7 fast enough for you? Faster? Our amazing teams, follow-the-sun production model, and innovative technologies can meet any deadline
- **Quality Levels:** Choose the quality level that fits your goals and budget, from unedited machine translation to expert human insights

## Translation & Localization

Our team of talented experts can assist you with all your language needs, including:

- **Website Translation:** Transform your global CX with scalable, sustainable web localization that integrates with your tech stack and supports your global brand.
- **Document Translation:** Choose the best-fit translation solution for 30+ file types.
- **App & Software Localization:** Take your web, mobile, and enterprise software global with our expert localization and testing services.
- **Multimedia Localization:** Expand the reach and impact of your video, text, graphics, animations and more with our translation, localization, and transcreation services.
- **Interpretation:** Get award-winning real-time onsite, online, phone, or video interpretation for 350+ languages and multiple industries.
- **Linguistic Data Services:** Improve your business intelligence and CX with predictive analytics, chatbot training, social media listening, and sentiment analysis.
- **Language Quality Assurance:** Optimize your total translation quality and ROI with our impartial audit services. Our quality guardians deliver improved efficiencies and quality and expand your pool of qualified translation talent.
