

## LIVE EVENTS

### Make Your Live Events Multilingual to Enable Global Participation

**Whether you're planning an on-site, remote, or hybrid event, Lionbridge live event services will help you expand your reach and ensure your global attendees get the most out of it.**

**Use interpretation services to make your conference, webinar, or meeting multilingual.**

**Use localization services to help participants understand handouts and post-event collateral.**

Do you want to extend the reach of your live event? Make it multilingual with Lionbridge live event services and enable global audiences to take part in it. These services provide a cost-effective way to make your events multilingual. You can choose from simultaneous or consecutive interpretations, which can be provided on-site or remotely, to easily add more language coverage. Extend multi-language support to your post-event materials, such as event recordings or hand-outs, with Lionbridge localization and translation services.

## Why Count On Lionbridge Live Event Services?

### Coverage for All Your Events

Lionbridge live event services enable you to execute your multilingual live events without issues. Partner with Lionbridge — the leader in interpretations services — to add additional language coverage for your multilingual live events with ease.

### Simplicity

Lionbridge live event services simplify the delivery of your multilingual event so you can focus on your content. Professional interpreting services are critical for a successful outcome.

### Any Modality

Lionbridge live event services support all modalities, including real-time audio and video streams and pre-event and post-event presentations, documents, and graphic materials.

### All Languages

Lionbridge live event services leverage Lionbridge's topnotch interpretation and translation community to translate your event into any language. Our vast community of interpreters and translators can handle any language pair and topic to deliver an outstanding multilingual experience to your audience.

### Full Scope of Services

Lionbridge live event services teams are highly experienced in running multilingual live events. Your team will help you plan for every aspect of your event, including content preparation, logistics, sound system setup, and coordination with interpreters and the venue.

### Platform Agnostic

Lionbridge live event services support a wide range of platforms, including the top meeting, conferencing, and interpretation platforms. Our partnerships with leading event technology and services companies enable us to support your live event in any environment.

### Experts in Interpretations and Translation

Lionbridge live event services are built on 25+ years of interpretation and translation experience to enable you to execute your multilingual live events flawlessly.
